

Student Presentation Evaluation Form
Physics 3356 (Spring 2005)

Student Presenter's Name: _____

Student Evaluator's Name: _____

Content Quality: _____/100

Presentation Quality: _____/100

Presenter's Overall Grade: _____/100

The presenter's overall grade does not have to be a simple function of content quality and presentation quality. Use your own discretion.

Presentation

difficulty:

"We've been taught this five times already!"

"I didn't understand one word in three that were coming out of your mouth."

comments:

interest:

"I slept through most of it."

edge of my seat

comments:

communication:

"I'm sorry, were you talking to me? I thought you were trying to have a private conversation with the chalkboard."

eye contact = very yes

comments:

Homework:

difficulty:

"pfeh. Finished in five minutes."

"You broke my brain."

How long did the homework take you? _____

comments:

Reading:

Did you actually do the reading? If so, did you read or skim the entire reading or only parts of the reading? If not, why not? (Be honest. "Because it looked gross" and "Because I value sleep" are perfectly acceptable answers.)

relevance:

"what I babble in my sleep has more relevance to the topic."

spot on

comments:

difficulty:

"what difficulty?"

"are you sure this was even in English?"

comments:
